

Now, it's more affordable than ever to go where you want to go.

Since 1987, IMS has been the leader in creating technical innovations for the mobility industry. IMS has partnered with Bank of America to offer a different kind of innovation: flexible custom financing for up to 10 years on your lowered-floor minivan.

Here are just a few of the advantages of our flexible financing

- *Loans financed for up to 120 months.\* (Most auto financing companies only offer loans up to 72 months.)*
- *Lower monthly payments due to extended terms.*
- *Simple and convenient processing right at your IMS dealership.*
- *Low competitive rates.*
- *Quick credit approval process — usually within a few hours*
- *Low down payment — as low as 10%.\*\**

\* Depends on the amount financed. See your IMS dealer for details.  
 \*\* 10% on total retail selling price of chassis and retail selling price of IMS conversion package, plus tax, title and registration.

### Hit the road.

At IMS, we understand that the ability to get out on the road — to be mobile — is the key to leading an active and independent life. That's precisely why we make the ultimate wheelchair-friendly Rampvan, equip it with so many thoughtful features, and offer the best dealer service network around.

That's also why we offer custom financing. After all, you have places to go and dreams to pursue. And together with Bank of America, we're committed to helping you get there.
